BELGIUM LAUDED
BY PRESIDENTAt Banquet Given by King
Albert, Wilson Acclaims
People's Spirit.

Brussels, June 19 (delayed).—There has never been in the United States a more general and universal comprehension of sympathy with the affairs of another nation than that which the people of the United States have had for the affairs and the people of Belgium. President Wilson said tonight, in speaking at a dinner given in his honor by King Albert.

"One of the delightful experiences of these last days has been to hear the acclaim from the heart which everywhere greeted 'le roi.' Their first cry was for their king. Their second thought was the welcome of the stranger and I was glad it was so, because I knew that I was with a real statesman and a real ruler. No man has any power except that which is given him by the people he represents."

"The people of Belgium need to have a friendly hand extended to them, but they do not need to have anybody take care of them. A people that is taken care of by its government is a people that its government will always have to take care of, but the people of Belgium, if I have caught any great part of their spirit and character, do not need to have anybody take care of them. They need, because of the catastrophe of this year, temporary assistance to get the means to take care of themselves."

The President concluded with a toast to the king and queen and to "the long and abiding prosperity of the kingdom" over which they rule.

What's Your Husband Doing?

Dr. Dudding, who has already accomplished a tremendous good work, is seeking to raise a fund of \$1,000,000 in the United States for the purpose of helping ex-convicts, both men and women, to find helpful employment and to assist them in tiding over the dark times immediately after their release.

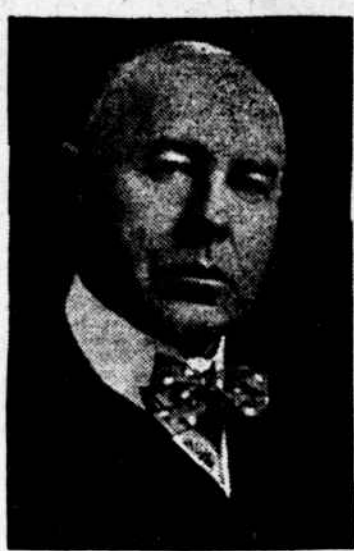

BANK GIVES CONVICT
CASHIER'S DESK JOB

Having served two years in a penitentiary is no bar to securing a position in a Washington bank. "I used to be a bank cashier, but now I am an ex-convict. I served two years in the penitentiary. Will you give me a job?" This frank address, supported by a letter from Dr. Earl Dudding, himself an ex-convict and now president of the Prisoners' Relief Society, 509 E street northwest, gained for the young ex-cashier an opportunity to rehabilitate himself.

to perform these duties. In my judgment Congress should not be required to perform the duties of a board of aldermen. And what is true in a small way as to the government of the city of Washington, is true in a much larger way when Congress consumes one-third to one-half its time in the discussion and consideration of appropriation bills that should properly be handled in one-third the time under a budget system, similar to that which has been adopted by practically every government in the world outside our own.

Representative Frear, Republican, graduated from the National Law University here in 1889. He was born in Hudson, Wis. Mr. Frear has served four terms in Congress. When he was re-elected to the Sixty-sixth Congress he received 16,900 votes to 1,814 for W. H. Frawley, Democrat. He lived in Washington long before he came to Congress and he is familiar with the District's plight.

other matters of local government.

It is an astounding fact that considerable time of the entire Congress is devoted to legislating for the District of Columbia—matters that ought to be acted upon by a small body of men appointed or elected, as the case may be,

"Taxation Without Representation is Tyranny"

The Washington Herald believes that since the right of suffrage is being extended to the four corners of the world, certainly the world's greatest capital is entitled to representation. Our only hope rests in Congress. Following is the Twenty-Fifth of a daily series of expressions of opinion by Senators and Representatives on this vital question.

There is no reason why the District of Columbia should not have national representation when it asks for it.

I have always believed the people here are entitled to it, and that opinion dates back thirty years, at which time I was a temporary resident of this city.

I believe anyone with property rights and interests, and subject to local regulating laws and ordinances, should have a direct voice in determining those questions. The present commission form of government invests exclusive authority, as I understand it, for the determining of these local questions. Therefore, whatever the District of Columbia asks for direct representation on that commission, I believe it is entitled to it.

It is a fundamental right under our form of government that a man who is taxed should have a voice through his direct representative to determine the purpose and amount of the tax. The same principle extends to

FORD ANARCHIST,
EXPERT STATESBeliefs Akin to Those of
Radicals, Testimony in
\$1,000,000 Suit.

Mount Clemens, Mich., June 20.—Alleged utterances of Henry Ford said to be anarchistic were introduced by defense lawyers today in Ford's million-dollar libel suit against the Chicago Tribune.

Prof. Jesse N. Reeves, teacher of political economy at the University of Michigan, and reputed an expert on Socialism, anarchism, Bolshevism and other radical doctrines, was asked if certain remarks made by Ford did not show the plaintiff had anarchistic beliefs.

Long debate intervened on objection of the Ford counsel, but the court ruled the testimony could be taken.

Prof. Reeves declared on the stand that Ford's remarks made in an interview written by Edward Marshall in 1915 that "one country, State or city is not of paramount importance" was akin to the beliefs of such anarchists as Gardner, Rudolph, Tucker and Tolstol.

LEITER REPORT
RUNS 400 PAGESDistrict Auditor Completes
Task Estate Valued
At \$10,106,792.62.

Herbert L. Davis, auditor for the District Supreme Court, finished one of the hardest jobs of auditing yesterday that has ever been assigned by the courts in the District, when he made his report on auditing the estate of the late Levi Z. Leiter. The report is in book form and comprises nearly 400 typewritten pages, being the result of many months of work and visits to many sections of the country.

The total value of the Leiter estate, according to the report, is \$10,106,792.62. Levi Z. Leiter died June 3, 1904, leaving the bulk of his estate to his widow, Mrs. Mary T. Leiter, now deceased, and his four children, Joseph Leiter, Lady Curzon (deceased), Margaret H. Leiter and Nancy C. L. Leiter. Seymour Morris of Chicago was named trustee.

In auditing the estate, Mr. Davis had to deal both with pre-war and after-war values, shrinkage, income and corporation finance and many other problems arising from so large an estate.

British Mandatory for
Mexico Declared Myth

Acting Secretary of State Fok yesterday characterized the published story of a British mandatory over Mexico as absurd and mischievous. He said there had never been any such suggestion except in the newspapers.

Mr. Fok said that under the covenant of the league of nations there was no provision for mandatory other than the mandatory for the German colonies and for parts of the Turkish empire.
